

# Digital Health Certificates (CVIs)

**GVL® takes the guesswork out of state movement requirements.**

Health certificates (CVIs) are easier than ever with the GVL platform.

- Approved for all U.S. states and territories
- Auto-fill client and animal information
- Built-in state movement requirements
- Immediate submission to state officials
- Secure alternative to 7001 forms

**One cloud-based platform for valid, compliant CVIs with no required subscription or monthly minimums.**

## Peace of mind software

Thousands of veterinarians feel at ease with the compliant, accurate animal health records they've created in the GVL platform.

Digital animal health with GVL includes:

- Health certificates (CVIs)
- International pet movement
- EIA (Coggins) tests
- EECVIs (6 month equine CVIs)
- Rabies vaccination certificates
- Veterinary prescriptions
- Veterinary Feed Directives (VFDs)
- For Sale documents (pet lemon law)
- Swine diagnostics analysis

**“GVL health certificates are so much easier. Having the client’s information easily pull into the document is convenient, and GVL customer support is really helpful.”**

**Kati Johnson, VCA Cottage Animal Hospital  
(Walnut Creek, CA)**
