Norbrook.com

Norbrook[®] Laboratories is a leading global provider of veterinary pharmaceuticals enhancing the health of farm and companion animals

Providing Quality, Cost-Effective Animal Health Products for Over 40 Years

- Norbrook is a leading global provider of veterinary pharmaceuticals founded in Newry, Northern Ireland, in 1969
- Exports to over 120 countries worldwide
- Began selling products into the U.S. in 1988 (penicillin G)
- Norbrook has world-class manufacturing facilities in three locations and nine global sales and marketing offices

Leading Manufacturer

- Norbrook is one of the largest manufacturers of veterinary sterile injectables in the world
- Norbrook manufactures products for other major animal health companies worldwide
- Norbrook is one of the largest manufacturers of companion animal and livestock private label brands in the U.S.
- Our strong pipeline of products is a key growth driver for the company

Experience and Quality You Can Trust

- Norbrook manufactures many of its own active pharmaceutical ingredients (APIs), ensuring control over costs and increased confidence in quality
