

IBEX[®] LITE FAMILY

portable | rugged | ultrasound

E.I. Medical Imaging[®]

IBEX® LITE VETERINARY ULTRASOUND FAMILY

Like other products in the IBEX line, the LITE family combines ruggedness, simplicity, long battery life, and affordability to make these veterinary ultrasound systems a great choice for any mixed portable applications.

Video headsets are great for working in both bright sunlight and low light conditions—the LITE has multiple headset options available. Worn around the waist, the LITE is lightweight and makes for streamlined workflow

LITE

With 90% of the features and the same image quality of the IBEX PRO, the IBEX LITE is the ideal choice for bovine ultrasound. From basic repro to fetal sexing and calf lungs, the IBEX LITE has all the features you need in an ultra light, ruggedized package.

A wide variety of transducers and accessories make the LITE a versatile ultrasound for any situation. Works with the i3 LED goggles.

Features

- DuraScan® case: water, dust and impact resistant
- 3.3lb [1.5kg]
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with up to 6 hours of run time
- Multiple headset options available
- I.C.E. arms-free scanning available
- Linear, convex, micro-convex and specialty transducers available
- Standard, extended warranties available

SUPERLITE

The IBEX SuperLite has all the features you need in an ultra light, ruggedized package. Hardwired to the high-definition L7HD probe, the 12cm max depth and linear array is the perfect choice for imaging smaller and more superficial structures. Ideal for evaluation of early pregnancies and ovaries in dairy work and equine reproduction, and for scanning lungs.

Enhanced battery performance providing 6+ hours of continuous runtime.

Based on the IBEX LITE, the SuperLite is the ideal choice for bovine ultrasound. Works with the i3 LED goggles.

Features

- Hardwired to high resolution L7HD probe
- DuraScan case: water, dust and impact resistant
- 3.3lb [1.5kg]
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with 6+ hours run time
- Multiple headset options
- Standard, extended warranties available

SUPERLITE/c

Hardwired to the new CLi4HD curved rectal transducer. With its wider field of view and lower center frequency, the CLi4HD penetrates to 24cm and is an ideal choice for practitioners who are looking to use the Arm-Free I.C.E. handle.

The SuperLite/c is best suited for pregnancies, beef cow reproduction, and transabdominal applications.

Enhanced battery performance providing 6+ hours of continuous runtime.

Based on the IBEX LITE, the SuperLite/c is the ideal choice for bovine ultrasound. Works with the i3 LED goggles.

Features

- Hardwired to high resolution CLi4HD probe
- DuraScan case: water, dust and impact resistant
- 3.3lb [1.5kg]
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with 6+ hours run time
- Multiple headset options
- Standard, extended warranties available

TRANSDUCERS [LITE ONLY]

L8.0
High-frequency linear transducer
Equine tendons, small animal abdomens, neurovascular applications, superficial structures

MC8.0
High-frequency microconvex transducer
Small animal abdomen, bovine reproduction, small ruminant pregnancies

CL3Ei
Low-frequency, deep penetrating convex transducer
Large animal abdomen, exotics, small ruminant

I.C.E.® NEW AND IMPROVED
The *updated* IBEX® Customizable Extension lessens fatigue and stress on user's arm and shoulder—25% lighter, smaller diameter, more durable than previous models
The I.C.E. extension allows easy insertion or removal of the probe without damaging cable
Compatible with all IBEX and EVO rectal probes

CLi4HDi
Side fire curved
Bovine reproduction, large animal abdomen, exotics, small ruminant

L7HDi
Linear transducer
Bovine and equine reproduction, tendon

L3.8AS
Linear transducer
Bovine carcass merit

C90PUI
Ovum pickup probe and handle [5-10 MHz], 14 cm depth
Adjustable handle, shallower focus for better imaging; small height, lightweight
Improved positioning of transducer array and needle exit
Equine and bovine

ACCESSORIES

i3 LED GOGGLES
The *i3 LED goggles* are small, lightweight and compatible with all IBEX veterinary ultrasound models
Versatile mounting options: ratcheted headband, head strap and hat clip.
Comes with detachable glare shields to block sunlight.
LCD display with LED backlight with specially designed eye cups for inside/outdoor viewing
Half the weight of InSite2
GoPro mount
Standard, extended warranties available

IBEX Waist Pouch
Accommodates the IBEX LITE and PRO series [in closed position]
Keeps unit self-contained and streamlined when scanning with headset

WiFi Video Transmitter
Connects to all IBEX PRO and LITE veterinary ultrasound series
Streams ultrasound image to tablet or mobile phone
Creates private network with no WiFi service required
Uses goggles port—splitter available if goggles will be used simultaneously

Transducers + cables

- All IBEX cables tested to 1.2 million flex cycles:
 - Custom cable jacket is extremely durable, chemical resistant and biocompatible—designed by E.I. Medical Imaging specifically for use in the tough animal environment
 - Kevlar strength members embedded in cable bundle to protect coax breakage
 - All materials RoHS compliant
- All transducers are designed specifically for rugged environments. But if the worst happens, they can be repaired, too!

E.I. MEDICAL IMAGING®

E.I. Medical Imaging was founded in 1984 with the vision of developing a state-of-the-art, real-time ultrasound scanner to serve veterinarians and livestock producers world-wide.

Our products have evolved with the needs of the market. We are proud to be the only manufacturer of portable ultrasound systems engineered and developed in the United States specifically for the animal industry.

For over 30 years, the company's core values have remained intact: putting the customer first and delivering solid, effective ultrasound solutions. Today we are a world leader in the durable, portable, veterinary ultrasound industry.

EDUCATION

EIMI is committed to education. From online learning resources to classroom and wet lab training experiences, we are here to ensure that you get the most out of your ultrasound equipment. Our on-staff veterinarian and sales team are always available to assist you as you put your IBEX® system to work.

EIMI is also involved in educating future veterinarians, and offers two specific programs toward that end:

- EIU™ Student Externship Program—EIMI provides ultrasounds on loan to vet students for externship experiences. Contact us for more information.
- EIU™ Seminars—EIMI hosts ultrasound seminars at veterinary schools and in the field, comprising a short introductory lecture and hands-on wet labs. Contact us to schedule.

CUSTOMER SUPPORT/LOANER PROGRAM

Downtime is not in the vernacular at E.I. Medical Imaging®... service is the hallmark of our business. We engineer systems specifically for veterinary use and understand the challenges downtime brings. With industry-leading service turnaround times and a loaner program available, we ensure continuity of your business. All service is conducted at our EIMI facility in Loveland, Colorado, using only genuine EIMI parts.
