

Zoetis Quiz Form

ScourGuard 4KC Presentation

Objective: To share information on scours with cattle veterinarians and provide insights that can help with immunization discussions and proper protocols.

For the below True/False quiz, please **BOLD** or **HIGHLIGHT** the correct answer, and return to Bradley Saddler at bsaddler@medtrakedu.com. You will be sent the CE Certificate for this program upon passing this quiz.

1. Recent research shows that a case of scours will have a negative impact on that calf's ability to be productive later in life.
(T) (F)
2. Rotavirus and coronavirus are common enteric pathogens in young calves.
(T) (F)
3. Scourguard 4KC, when used according to label, can help protect calves from death by E. coli K99.
(T) (F)
4. Vaccinating with Scourguard 4KC requires a primary and a booster series of vaccines.
(T) (F)
5. Colostrum should be provided to a calf within 5 hours of birth.
(T) (F)
